

OcuVen™

Premier Vision & Eye Support, Including the Macula

OcuVen™ is a premium eye and vision support product that contains a multitude of vital compounds to keep your eyes healthy. Your eyes consist of many delicate parts that must be cared for, especially as you age. Part of the retina called the macula is located at the back of your eye and is responsible for your central vision, or your ability to see what's in front of you. More than 1 in 10 people over the age of 40 are affected by macular degeneration, which causes blurry vision, and in severe cases, vision loss.

OcuVen™ provides support for your whole retina, including your macula, by providing key carotenoid pigments. Carotenoid pigments are colorful substances found in

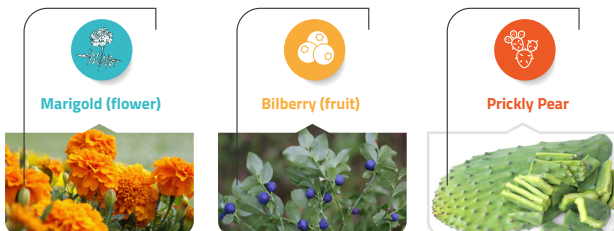

certain fruits and vegetables. They have antioxidant effects and photo-protective properties, meaning they protect the eyes against the harmful effects of long-term sun exposure and UV light.* OcuVen™ includes carotenoids sourced from marigold flowers (*Tagetes spp.*) grown on a multi-generational farm with over 50 years of natural selective breeding. These include lutein, zeaxanthin and meso-zeaxanthin, which have been scientifically shown to accumulate in the macula, promoting vision health.*

We have amplified the overall impact of the carotenoids in OcuVen™ by combining them with organically cultivated eye-supporting powerhouse botanicals that include prickly pear pads, spinach, carrot, turmeric, bilberry, chlorella, and tomato.

Benefits

- Supports the health of the macula, retina, and photoreceptors.*
- Enhances ocular protection against UV light and sun damage.*
- Promotes antioxidant activity in the eye and throughout the body.*

Botanical Blend

Highlights

- Delivers naturally derived carotenoids lutein and zeaxanthin sourced from marigold flowers.
- Provides rich plant nutrients via organic botanicals: prickly pear, spinach, carrot, turmeric, bilberry, chlorella, and tomato.
- Plant based, non-GMO, non-synthetic, and free of adulterants and heavy metals.

Recommended Use

- Take 1 capsule daily with food or as directed by a health professional.
